The screenshot shows the homepage of [FashionJue.com](https://fashionjue.com). The header features the "FASHION Jue" logo, a "Login / Register" link, a search icon, and a shopping cart showing 0 items. The main navigation menu includes "NEW ARRIVALS", "SHOP", "JUICY JUE", "SHOES", "ACCESSORIES", "\$35 & UNDER", "SALE", "PREORDER", "RESTOCKS", and "SIZE CHART". The main banner on the left side of the page features the text "Trendy Fashion FOR THE EVERY DAY" in pink and black, with "Jue" written in pink cursive. It also includes "SEE WHAT'S TRENDING" and a "SHOP NOW" button. The banner features a woman in a black leather outfit sitting on a white surface next to a pink shopping bag. Below the banner are four smaller images of the same woman in different outfit variations: a pink top and pants, a white top and pink pants, a white top with a black patterned skirt, and a blue top and jeans. The website has a light gray background with a large white header bar.

What Our Clients Say

Enritual Studios really impressed me with their professionalism and commitment to ongoing communication! Jonathan's insight and knowledge helped me to focus on my business while he took care of the website details. I feel like the website has had a positive impact on my business in the construction phase as well as since its launch. I highly recommend Enritual Studios.

What Our Clients Say

"I came across Enritual Studios at a networking event and was highly impressed. During the formation of my third business endeavor I reached out to Mr. Daniels for his services to create the logo. After a 10 minute meeting he gave me the confidence that he understood my vision for the business and the logo. Within the week I had rough drafts of which the very first one was EXACTLY what I had in mind yet better than even I imagined! Within the next week I had the finished product and resources to begin marketing! 10 out of 5 stars for professionalism, promptness, and quality! Phenomenal work."
